

1000 Friends of Healthy Bees

Join Our Campaign!

We invite you to join our 1000 Friends of Healthy Bees Campaign. This is a grassroots, no-spray, neighborhoods project.

The 1000 Friends of Healthy Bees Campaign

Beyond Toxics is dedicated to protecting public health and the environment from toxic pesticides. That's why we're joining with our partners, *Healthy Bees = Healthy Gardens* to develop pesticide-free, honey-bee-safe neighborhoods.

There are several ways you can show your support for our effort to protect the honey bee!

Step 1

Sign the "Honey Bee Friend pledge" below (or go online to: www.FriendsOfHealthyBees.org)

The Bee Friend Pledge:

I support the "1000 Friends of Healthy Bees" campaign for bee-friendly, pesticide-free gardens in Lane County.

In the interest of protecting our neighboring families, pets, honeybees and gardens, we the undersigned residents pledge to refrain from using pesticides and any other harmful chemicals (Weed and Feed, Round Up etc.) on our property. We request that our City and County partner with us to commit to pesticide-free policies to protect bees and children from pesticides on all public property.

Get Your Neighbors Involved!

If you're motivated to go one step further and take your commitment for healthy bees to your neighbors, we've got just the thing for you! Now you can use this form to ask your neighbors on your block to pledge. If all of them sign this "Honey Bee Friend" pledge, you will be eligible to host your very own bee hive in your garden, courtesy of our bee-keeper friends at *Healthy Bees = Healthy Gardens*.

Step 3

The Bee Friend Pledge - Ask your neighbors to sign!

YES, I support the "1000 Friends of Healthy Bees" campaign for bee-friendly, pesticide-free gardens in Lane County.

In the interest of protecting our neighboring families, pets, honeybees and gardens, we the undersigned residents pledge to refrain from using pesticides and any other harmful chemicals (Weed and Feed, Round Up etc.) on our property.
