

# COMMUNITY MEETING 10/10/23

## HOSTED BY BEYOND TOXICS

### BURIED TRASH

### HOW LANDFILLS POLLUTE OUR FUTURE AND WHAT WE CAN DO ABOUT IT!

Join Beyond Toxics for a **free community event tackling landfill issues**. Learn from experts about greenhouse gas emissions, groundwater pollution, and microplastics. Let's lead Oregon toward **holistic waste management and a greener future!**

**Date:** Tuesday, October 10th, 2023 6:30 p.m. - 8:15 p.m.

**Location:** Corvallis Community Center - 2601 NW Tyler Ave

#### Katherine Blauvelt

Katherine, leading **Industrious Labs'** Circular Economy Campaign, drives policy initiatives to reduce landfill emissions, prevent long term pollution, and promote organic waste diversion.

#### Dr. Anja Brandon

Dr. Anja Brandon, Associate Director at **Ocean Conservancy**, shapes plastic pollution policies, crafting impactful legislation, and sharing expertise as a speaker.

Valley Neighbors for Environmental Quality and Safety (VNEQS)

Working to protect Benton County, Oregon from further expansions of the Coffin Butte Landfill
