

# 2024 RESILIENT FORESTRY TOURS

**REGISTER NOW!**

## WHAT:

Each year we partner with small forest owners to host guided tours in biodiverse forests. These projects demonstrate how good forest management can protect drinking water, biodiversity and sequester carbon on the land, all of which are practices that benefit future generations. Forestry tours will take place at Shady Creek Forest Products, a remarkable gem in Mid-Oregon's coastal range located about 40 minutes from Eugene.

## WHEN:

Summer 2024 tours:  
Saturday, July 13: 12:15pm - 5pm  
Sunday, July 21: 12:15pm - 5pm

## MEET:

120 Shelton McMurphey Blvd, Eugene  
East parking lot next to the Mahonia Building  
or get driving directions when you register
