

Title: Youth Education Intern

Stipend: \$2,040

Hours: 120 over 11 weeks

Location: In person at the Beyond Toxics office located in Downtown Eugene and it's fully ADA accessible.

Description

The person filling this internship position will provide program coordination and outreach support for Beyond Toxics' *Rise As Leaders* youth cohort. This cohort engages young leaders (ages 15–25) in environmental justice projects, leadership development, and community-based advocacy throughout Oregon's southern Willamette Valley.

Responsibilities will include:

- Assisting with youth recruitment, outreach, and communications strategies.
- Supporting planning and facilitation of leadership trainings, workshops, and cohort meetings.
- Coordinating youth participation in environmental justice campaigns, events, and policy advocacy opportunities.
- Collecting and organizing creative and personal narratives (video, spoken word, writing, visual art, etc.) from participants to highlight diverse perspectives in the movement.
- Collaborating with Beyond Toxics staff, community partners, and youth cohort members to meet program objectives.
- Providing occasional administrative support related to program evaluation and documentation.

A portion of work may take place in collaboration with local schools, community centers, and organizations in Eugene/Springfield and surrounding areas.

Minimum Requirements

- Completion of college-level coursework (at least 12 quarter hours) in environmental studies, sociology, ethnic and gender studies, journalism, non-profit management, political science, anthropology, or related fields; or an equivalent combination of training and experience in community organizing, environmental justice, or social equity initiatives.
- Experience working with youth and diverse communities, including students from communities of color, Indigenous and Tribal communities, and immigrant communities.

- Ability to work independently and collaboratively, exercise initiative, and stay organized.
- Strong written and verbal communication skills.
- Interest in environmental and climate justice issues.

Preferred Qualifications:

- Bilingue en español
- Experience with media, communications, or creative outreach (social media campaigns, video, photography, spoken word, storytelling).
- Familiarity with program coordination, workshop facilitation, or grassroots advocacy.

Special Instructions to Applicants

Complete applications must include:

- A current resume or CV.
- A cover letter describing your interest in this position and relevant experience.
- Two references (one must be able to speak to your ability to engage and encourage youth and demonstrate inclusive communication).
- Responses to the following supplemental questions:
 - a) Please describe your experience working with youth from diverse racial, cultural, or economic backgrounds.
 - b) How do you understand and approach climate justice movement building?
- Please send your application materials to Alejandro at agarcia@beyondtoxics.org

Anticipated Start Date: Late October

Anticipated End Date: Late January 2026

Anticipated Hours per Week: 5-10
