Jazz vocalist Halie Loren in Livestream concert on Facebook

June 19th event co-hosted by Mountain Rose Herbs and WildCraft Cider Works

EUGENE, OR. – Beyond Toxics is inviting the press and public to an evening of jazz music and vocals in support of environmental justice and public health. Internationally-acclaimed jazz vocalist Halie Loren will star in a livestream concert on the Beyond Toxics Facebook page on Friday, June 19th at 5 pm, co-hosted by Mountain Rose Herbs and WildCraft Cider Works.

WildCraft Cider Works is hosting the livestream on stage at their CiderHouse to create the look and feel of a live concert. Halie Loren will be accompanied by her husband, guitarist Daniel Gallo.

Participants in the Facebook livestream can win a \$50 Mountain Rose Herbs gift certificate for commenting on the live comments thread.

The evening of live music over the internet is in honor of our annual June fundraiser for environmental justice. During the month of June, **Mountain Rose Herbs** will generously donate up to \$5,000 to Beyond Toxics to match donor gifts, dollar-for-dollar, to support Beyond Toxics' work for public health and environmental protection.

One review of Halie Loren's work sums up what the audience can look forward to on Monday:

“Loren mixes and matches popular songs from a variety of sources and eras, throws in a few originals for good measure, and lets her warm and seductive voice work its magic on all of them ... Loren has something to say and her voice is as attractive and intoxicating as anything.”

Beyond Toxics promotes environmental justice engagement and community-based environmental grassroots organizing to ensure environmental protection and health for all communities.
